Dear sirs:

I am refering to court rule No.2003-47 that our rights to recover damage for our Asbestos illness is under attack in the Michigan supreme court right now! the Michigan Constitution as well as the united states consitution make it clear that judges are not to make law but rather inperpet the law. Why is the MICHIGAN supreme court even considering taking steps that would effectively change the law by denying Michigan asbestos disease our rights to a jury trial? I believe this is an unrealistic,even outrageous,position to take in light of the fact that most of cannot agree.We urge you to reconsider this policy,for the health of abestos victims.

Sincerely Yours

George H.Dorsey an Asbestos victim.
